

## **Coppernic Achieves ISO 9001:2015 Certification for Quality Management Systems**

*A continuing commitment to Quality and Customer Satisfaction.*

**Aix-en-Provence, France June 6, 2024** – Coppernic, a leader in innovative mobile technology solutions, proudly announces its successful achievement of ISO 9001:2015 certification. This certification, confirmed by an audit conducted by Socotec France in May 2024, underscores Coppernic’s unwavering commitment to excellence in quality management across its products and services.

ISO 9001:2015 is a globally recognized standard for quality management systems. For Coppernic, this certification applies to the design, production, and deployment of professional mobile terminals for Control and Traceability, along with the associated software. This encompasses Coppernic’s three business units: Mobile Identity, Smart City, and Smart Asset Tracking.

“Coppernic has built a strong, customer-centric reputation in the diverse markets we serve,” said Alexandre Anriot, Director of Digital Transformation. “Achieving ISO 9001:2015 certification is a significant milestone in our continuous improvement journey. It reinforces our commitment to delivering complete customer satisfaction and the highest quality standards and rewards the efforts of our teams over the years”..”
